- where and when the Loan Product is not being distributed and purchased as envisaged by this TMD;
- an event or circumstance that would materially change a factor considered in making the TMD for the Loan Product;

6. Reporting and monitoring this TMD

The following reporting requirements apply to all distributors:

Reporting requirements	Reporting period
Where the distributor is aware or ought to reasonably be aware, it should report on each 'significant dealing' (see guidance below) by completing the Notification of Significant Dealing Form and submitting it to: targetmarketdistribution@latrobefinancial.com.au .	As soon as practicable but no later than 10 business days after the distributor becomes aware of the 'significant dealing'.
Distributors must report to La Trobe Financial (at targetmarketdistribution@latrobefinancial.com.au): <ul style="list-style-type: none"> • if required by law, whether the distributor received complaints¹ in relation to the Loan Product during the reporting period; • the number of complaints it received; and • provide a copy of each complaint, or where this is not possible, report on the substance of the complaint received on the product and its performance. 	Within 10 business days of the end of each quarter.

In determining whether a 'significant dealing' has occurred, La Trobe Financial expects that the following non-exhaustive list of factors may be relevant for distributors:

- whether a customer outside of the target market has acquired the product; and/or
- the extent to which the acquisition of the product by the customer outside of the target market has the potential to harm or has caused harm (including the amount of any financial loss); and/or
- the nature and extent to which the distribution of the product is inconsistent with the TMD.

The above list is not exhaustive and distributors should consider, having regard to the circumstances of their business, whether other factors or events may suggest that a significant dealing has occurred. A significant dealing may be identified through the distributor's product governance arrangements, as a result of a consumer complaint or the occurrence of a Review Trigger. The purpose of having this information is to enable La Trobe Financial to identify promptly whether a Review Trigger, or another event or circumstance that would reasonably suggest that the TMD is no longer appropriate, has occurred.
